

Believe

Asher Monroe

The light won't shine, the earth won't quake
Mountains won't roar if you don't have your way
How can I help you if you can't help yourself?
Come on and pick up your feet, stop dragging them on the ground

I believe in you, yes it's true
I believe in you
So won't you believe it too?

I believe in you
I believe in you
I believe in you
So won't you believe it too?

And we all fall, and we all break
But it's the ones that learn from their mistakes
There's more to life than what we know
Some days it's high, some days it's low, mmh-hm

And keep your head up to the sun
For the battle's on... -ly just begun

I believe in you
I believe in you
I believe in you
So won't you believe it?
