

# Magenta Blue

Asher Monroe

Ooh-ooh-ooh  
Go for a ride  
Just you and I  
Ooh-ooh-ooh  
Just for one night  
Be by my side

Show for where to  
Let's make a move  
In my spaceship [?]  
It's a starry night  
So let's take a flight  
Around the moon  
We can crash on Mars  
Or have dinner in the stars  
It's up to you  
Ride or die  
Like Bonnie and Clyde  
There's no way we can lose

I'm planted by you  
High as a typhoon  
Let the stars guide you  
That's where I'll find you

Oh-oh-oh  
Crimson and Clover  
As we cruise in control  
Ooh-ooh-ooh  
[?]  
Drifting through outer space
