

# Miracles of Life

Asher Monroe

When you're lost with no direction, nowhere to go  
And your hope begins to fade, your heart turns to stone  
When you feel there's no tomorrow  
'Cause you're filled with pain and sorrow  
Just remind yourself the miracle of life

Love what you do and be who you are  
Don't let nobody change you, you were born to be a star  
Don't take no for an answer, keep your eyes on the prize  
Show 'em what you're made of, spread your wings and fly

Oh-oh, oh-oh, oh-oh, spread your wings and fly  
Oh-oh, oh-oh, oh-oh  
Oh-oh, oh-oh, oh-oh, on the miracles of life  
Oh-oh, oh-oh, oh-oh  
Yeah-yeah, all the miracles of life  
Yeah-yeah

Don't give up the dreams you planted in your mind  
Good things come to those who wait in time  
Shortcuts don't advance  
The best gift to life is a second chance  
That's all part of God's divine plan

Love what you do and be who you are  
Don't let nobody change you, you were born to be a star  
Don't take no for an answer, keep your eyes on the prize  
Show 'em what you're made of, spread your wings and fly

Oh-oh, oh-oh, oh-oh, miracles of life  
Oh-oh, oh-oh, oh-oh  
Oh-oh, oh-oh, oh-oh, miracles of life  
Oh-oh, oh-oh, oh-oh

On the mi-, on the mi-, on the miracles of life  
On the mi-, on the mi-, on the miracles of life  
On the mi-, on the mi-, on the miracles of life  
On the mi-, on the mi-, on the miracles of life

When you're down and you're out  
There's no one around  
Just trust and believe in yourself  
Get your feet off the ground  
Nobody's gonna love you like you love yourself  
You have the power to turn things around  
Soak it up, soak it up now  
You just soak right now
