

Soulmate

Asher Monroe

2 people, one lifetime
Maybe I'm gonna go out and meet you tonight
2 lovers still unacquainted
Feel like I wanna go find someone tonight

We make the universe sing
Tonight is beautiful
When me and you meet
I'm gonna say, say to you

Do you love me?
Thinking of me
Do you love me?
Thinking of me

2 people one moment
In time wanna go out and see you tonight
2 lovers we'll get unacquainted
It don't really even matter what we do tonight

We make the universe sing
Tonight is beautiful
When me and you meet
I'm gonna say, say to you

Do you love me?
Thinking of me
Do you love me?
Thinking of me

Questions need answers
Like this floor needs dancers
Baby what's it gonna be?
Like this floor needs dancers
You should come home with me

Do you love me?
Thinking of me
Do you love me?
Thinking of me
