

Synergy

Asher Monroe

Baby you complete me
You make me smile
Play me like a symphony
Girl, I don't mind
I feel off of your energy
Like you are more than a memory by my side
You're the only one meant for me
Like a beautiful melody in disguise

Lost in your eyes the moment I passed you by
(Yeah we were in harmony)
You fell from the sky, you brought me back to life

I feed off of your energy
Laughing in synergy like a child
You're the best part of me
Dance like we were 23, we were wild
Baby you complete me
You make me smile
Play me like a symphony
Girl, I don't mind, no I don't

Lost in your eyes the moment I passed you by
(Yeah we were in harmony)
You fell from the sky, you brought me back-
I don't mind, ooh-whoa

(Whoa-ooh-ooh, oh-ooh-ooh, yeah)
Girl I don't mind
(Whoa-ooh-ooh, oh-ooh-ooh, yeah)
Oh...
(Whoa-ooh-ooh, oh-ooh-ooh, yeah)
Girl I don't mind
(Ooh-ooh-ooh, oh-oh-oh, oh-oh)
