I got the fresh bowl cut.
Curly blond locks.
LA Gears light up when I walk.

Overall, probably say I was an 8.
Only 'cause I was running a slightly bit late
For my first day of first grade with Ms. Smith.
Who sat across the way, was the chick Meredith.
The hottest girl I knew at the age of 6.
Bow matched the shoes. Shoes matched the dress.
I'm an anxious kid. So, this is dangerous.
Start sweatin', gettin' nervous, feelin' strange as shit.

Now it's lunchtime, I'm drinking milk.
Brain starts to panic, room starts to tilt.
I'm feelin' nauseous, stomach doin' flips.
Then up comes my lunch right on to Meredith.
A little on her lap, more so on her black shoes.
"Sorry, " I said "Couldn't wait until the bathroom."
"I feel so bad, how do I make it up to you? Can I pick you up o
n my bike after school like... "
