

Brownnose

Asher Roth

Brownnose for the brown stone, Dow Jones is down though
Now that that Moscow is cash cow for proud folk
Beef with the BALCO, crowd eating Alpo
Down for the count, how far can that bout go?
Watch out your mouth bro, house out of glass stones
Outside the mass throw, pout, frown, gasp, groan
Fast how the grass grows, mass where the cash go
Laugh, better ask those who pass you the calzone

Naps over at home, DC money
That's at least 320 for your niece and each sonny
Best believe I'm a neat freak, keep clean undies
Live free when I speak deep, be street cunning

It's nutty, you're a beast when you're hungry, eat something
Keep hunting, hundred miles and running, no fronting
Let's defund the man MACRO, Clinton was their last hope
Laps swimming outdoors, task never lack dough

Ash spittin', let 'em know
Now we grown out control
Want it now or not at all
Cut your losses toss the phone
Bend the law, accept the flaws
Cents will put your sense on pause
Kings is ours, who's in charge
Success is for the rest to solve
Tests resolved, testicles
Legends we are set to carve
Best of all, less is more
I suggest Professor Roth
