Greenery

Asher Roth

Oh it's magical, look at all the scenery
Greenery, be a shame if they turned up degree-erees
Rearrange the seasons feel the heat on the 18th of De-
Cember to remember all because of corporate thievery
Greedery, eating meat, plastics in our sea believe
Fishies can't breathe it, you can see it you don't need degree
Socio-politically, scientist, I am just
Trying self-reliance otherwise I'm dying with the rest

Out in North Dakota where they worship the warm buffalo
I must go, maybe Idaho, shit I don't know
What's about to happen to this lovely, lovely planet
They would grow if we replanted but we don't, can't understand this shit
God damn it, God planned it
Strand a man then vanished
Man can't handle it, man he damaged gifts
Look at all the beauty that he took for granted
That's way more than a tan my man, it's cancerous
At a disadvantage in Los Angeles
Pamphlet trips, cancelled it
Shit is getting scandalous, pannelist

Oh it's magical, look at all the scenery
Greenery, be a shame if they turned up degree-erees
Rearrange the seasons feel the heat on the 18th of De-
Cember to remember all because of corporate thievery
Greedery, eating meat, plastics in our sea believe
Fishies can't breathe it, you can see it you don't need degree
Socio-politically, scientist, I am just
Trying self-reliance otherwise I'm dying with the rest

Welcome to the world of abundance
Now don't fuck it up
