

Kill Your Master

Ashers

Plane soars like a eagle
Prey the impact sets us free
Human sacrifice for freedom
That's how many see
No power no no oppression
The price of bloods so cheap
Soon race class and authority
Will be obsolete

Set free the thorn in your side
Now you can't preach to the diseased

Religious fucking holocaust
Stop the lies at any cost
Churches mighty martyrs
Now you can't preach to the diseased

Police and politicians everything's corrupt
They starve rape us of our lives
It's time to take them out!
For everyone in poverty
Blood Brings forth the truth
Arm the hostiles mercenaries
And just watch what they do

Kill you master
