

Free

Ashes You Leave

Free like a bird
Crossing the sky
Just a dream

I want to be free
Just want to be free
I'm burning because of you
My light like fire
Without the flames
Can't you see
Can't you see?

Please let me be free
Please let me be me

Can you forgive me
Cause I can't
Crucified myself
And cause I destroyed all this
The dreams we made
