

# Found A Cure

Ashford & Simpson

Ooh, for your heartache  
Before you wake, before you wake  
Don't take no medicine, take a little of this  
It worked for me and it can't miss

Found a cure, oh, try it

It's by far better than any kind of medicine  
'Cause it'll take away the tears  
And that ain't all you get  
Whatever it is, love will fix it

Found a cure  
Found a cure  
Found a

Ooh, for loneliness  
I promise this, I promise this  
For all your hopes and all your empty dreams  
Comin' at you is a sure thing

Found a cure, oh, try it

It's by far better than any kind of medicine  
'Cause it'll take away the pain  
And here's the big surprise  
Whenever it rains, you'll have blue skies

Found a cure {I'm tellin' you}  
Found a cure (Right away now)  
Found a cure

{Yes}  
Ooh... yes  
{Ooh... ooh...}

I found it
