

I'm Determined

Ashford & Simpson

I see the heads you turn
And I know secret flames burn for you
But I'm determined, I'm determined
Anyway, anyhow to get through, I'm determined

To lay all I got on you
You can't hide, no, pretty baby
You can't run, you might as well be crazy
'Cause I'm determined

Your competition is doomed
From the moment you first walk in the room
But I'm determined, I'm determined

Though I haven't picked the time or place
I'm determined, I work night and day on your case
You can't hide, no, pretty baby
You can't run, you might as well be crazy
'Cause I'm determined

I see how they all hang around you
And maybe the flattery makes it hard for me

Oh, but I got a few tricks of my own
I guarantee you it won't be long
Before I turn you around
Aye, and show you where the love is found, ooh

I see the heads you turn
And I know secret flames burn for you
But I'm determined, I'm determined
Anyway, anyhow to get through, I'm determined

To lay all I got on you
You can't hide, no, pretty baby
You can't run, you might as well be crazy
'Cause I'm determined

Oh, you can't hide, no, pretty baby
You can't run, you might as well be crazy
'Cause I'm determined

Oh, listen, you can't hide
Aye, you never get away
You can't run, you better hear what I say
'Cause I'm determined

Listen, listen, listen
You can't hide, oh, pretty baby
You can't run, love will be crazy
I'm determined, oh, you can't hide
