

# It's Much Deeper

Ashford & Simpson

It's much deeper (deeper)  
Like a river running through my blood  
Cant stop the flood  
It's much deeper (deeper)  
Got a feeling that I'm going down  
I'm gonna drown  
It's much deeper (deeper)  
Only thing that will save me now  
Is for you to know  
I love you

It's much deeper (deeper)  
Like a river running through my blood  
Cant stop the flood  
It's much deeper (deeper)  
Got a feeling that I'm going down  
I'm gonna drown  
It's much deeper (deeper)  
Only thing that will save me now  
Is for you to know  
I love you

Baby we can't go on  
Pretending were just friends (oh no)  
Sooner or later  
Somethings got to give in (got to give in)  
Lets get it over  
Lets clear the air  
Stop pretending that we don't care  
We could be closer  
Closer than this  
Feel it feel it

It's much deeper (deeper)  
Like a river running through my blood  
Can't stop the flood  
It's much deeper (deeper)  
Got a feeling that I'm going down (going down)  
I'm gonna drown  
It's much deeper (deeper)  
Only thing that will save me now  
Is for you to know  
I love you

Cause baby I'm the guilty one  
My love grows day by day  
A situation like this  
Honey what do you say  
So don't turn away from me  
Act like it don't exist  
Think of what we have already missed  
We could be closer  
Closer than this  
Feel it feel it

It's much deeper (deeper)  
Like a river running through my blood (through my blood)

Can't stop the flood  
It's much deeper (deeper)  
Got a feeling that I'm going down (going down)  
I'm gonna drown

It's much deeper (deeper)
