

Tonight We Escape (We Make Love)

Ashford & Simpson

Tonight we escape
Tonight we create
Something beautiful

Tonight there'll be fire
Burning desire
When I hold you tight

Tonight we escape
Tonight we create
Something beautiful
Something true above all
We make love

Tonight there'll be fire
Burning desire
When I hold you tight
It's gonna feel so right
We make love

Let's get started
Let's not waste another minute
The night is young
Let's get started
Let's love it up
Do it now
Before it's gone

Tonight we escape
Tonight we create
Something beautiful
Something true above all
We make love
We make love
