

Danced With The Devil

Ashland Craft

I danced with the devil last night
In a little dive outside of Dallas
And he didn't look a thing they said he look like
But I danced with the devil last night

There was something in the way he said my name
That made me feel like we weren't strangers
And I swear I was gonna leave after one or two drinks
But there was something in the way he said my name

In the heat of the moment, the way he was holding
Me made wrong feel right for a minute
Head on his shoulder, pulling me closer
Knew I should go on home but I didn't
I don't know what I was thinking
But you were the last thing on my mind
When I danced with the devil last night

I guess it'd been a while since I felt that fire
And he sure as hell had my heart racing
I could say it wasn't anything but I was walking a real thin line
When I danced with the devil last night

In the heat of the moment, the way he was holding
Me made wrong feel right for a minute
Head on his shoulder, pulling me closer
Knew I should go on home but I didn't
And I don't know what I was thinking
But you were the last thing on my mind
When I danced with the devil last night

It was just a feeling
Swear I didn't mean it

I danced with the devil last night
But I woke up with you this morning
Even if I didn't leave with him, is it still a sin that I
I danced with the devil last night
