

## Got Love

Ashland

When the sun comes out  
After a long winter  
Laying back in the river  
With a lit cigarette  
No worries, no cares  
Means nothing at all

Cause if you don't got love then you don't got much  
If you don't got love then you don't got much

Castles for houses  
Fancy cars and diamond rings  
A luxurious life  
Sure can make you forget  
Your worries (your worries)  
Your cares (your cares)  
Means nothing at all

Cause if you don't got love then you don't got much  
If you don't got love then you don't got much

Mmm

Show me the best  
Lasso the moon  
It won't mean a thing  
If I don't have you  
Show me the best  
Lasso the moon  
It won't mean a thing  
If I don't have you  
Show me the best  
Lasso the moon  
It won't mean a thing  
If I don't have you

Cause if you don't got love then you don't got much  
If you don't got love then you don't got much

Gimme your love  
I need your love  
Gimme your love right now  
Gimme your love  
I need your love  
Gimme your love right now
