

No Trouble

Ashland

I'm so high looking down
Shadows of clouds on the ground
I don't ever wanna go back to that town
Way up here there's no sound
Who I was in the past now
I don't ever wanna go back to that town

Ooh

Cause it's only bad memories
Of somebody I don't know anymore
It's the old me and I don't wanna be
Always waiting for another open door

Ooh I don't wanna don't want no trouble
Ooh I just wanna start over
Ooh I don't wanna don't want no trouble
Ooh I just wanna start over

Ride or die fight or flight
Call it what ya like but I'm leaving tonight
Bet you thought I wouldn't do it this time
Say goodbye I'm long gone
You can cry all you want
Funny sometimes how the tables turn

It's the old me and I don't wanna be
Always waiting for another open, another open door

Ooh I don't wanna don't want no trouble
Ooh I just wanna start over
Ooh I don't wanna don't want no trouble
Ooh I just wanna start over

Ooh do you want me back
Ooh you can't have me
Ooh do you want me back
Ooh you can't have me

I'm so high looking down
Shadows of clouds on the ground
I don't ever wanna go back

Ooh I don't wanna don't want no trouble
Ooh I just wanna start over
Ooh I don't wanna don't want no trouble
Ooh I just wanna start over
