

On My Life

Ashland

You were all I ever wanted
Just want you to know
Instead of growing I was stunted
Now I've got to go

I gave you everything you ever dreamed of
You knew I'd never say no to you
Guess I can't blame you for my mistakes and
How I always threw myself at you

On my life
I swear on my life I'm leaving you today
I'll be fine
I know I'll be fine as soon as I'm on my way

Wish that you could see what I see
When I think of you and me
With your hands all on my body
But you ruined the ending

I gave you everything you ever dreamed of
You knew I'd never say no to you
Guess I can't blame you for my mistakes and
How I always threw myself at you

On my life
I swear on my life I'm leaving you today
I'll be fine
I know I'll be fine as soon as I'm on my way

Why you gotta take my hands
Why you gotta push my buttons
Why you gotta promise plans
You know exactly what you're doing baby
Why you gotta take my hands
Why you gotta push my buttons
Why you gotta promise plans
You know exactly what you're doing

On my life
I swear on my life I'm leaving you today
I'll be fine
Don't care if you cry
You're never gonna make me stay

On my life
I swear on my life I'm leaving you today
I'll be fine
I know I'll be fine as soon as I'm on my way

On my life
I swear on my life I'm leaving you today
I'll be fine
I know I'll be fine as soon as I'm on my way
