

## Something Is Broken

Ashland

It's too hard for me to say what it is I want to say  
So I sing and play for you and pray that it gets through

Something is broken inside of me  
I'm a little off I I'm a little off  
Can't you see  
Something is broken inside of me  
I'm a little off I I'm a little off  
Can't you see

There's an air hovering over me I don't think I'm recovering  
Hold me close don't let me go I shouldn't be left alone

Something is broken inside of me  
I'm a little off I I'm a little off  
Can't you see  
Something is broken inside of me  
I'm a little off I I'm a little off  
Why can't you see

Ooh

Something was stolen  
It was taken from me  
You can feel sorry feel sorry  
But don't test me

Something is broken inside of me  
I'm a little off I I'm a little off  
Can't you see  
Something is broken inside of me  
I'm a little off I I'm a little off  
Why can't you see
