

Wicked

Ashland

Sadness sadness
Always with the sadness
Rock bottom crashes
I can't stand it
Madness madness
Drive myself to madness
Thinking of the past and
I can't stand it

Let it go let it go leave it alone
Let it go let it go leave it alone

It's so wicked
The way I love to suffer
The pain is so familiar
And I'm lost with out it
And I'm addicted
To pulling myself under
Nobody does it better
And I'm lost without it

Stranded stranded
This house I'm in abandoned
Alone and empty handed
I can't stand it
Damn it all damn
This isn't what I planned
I'm clinically sad and
I can't stand it

Let it go let it go leave it alone
Let it go let it go leave it alone

It's so wicked
The way I love to suffer
The pain is so familiar
And I'm lost with out it
And I'm addicted
To pulling myself under
Nobody does it better
And I'm lost without my own

Tragedy
Tragedy
Tragedy
Tragedy

And no matter where I go I'm stuck with myself
I just wanna be somebody else
My brain keeps telling me I'm never gunna be
Anything but a tragedy

It's so wicked
The way I love to suffer
The pain is so familiar
And I'm lost with out it
And I'm addicted

To pulling myself under
Nobody does it better
And I'm lost without it

And no matter where I go I'm stuck with myself
I just wanna be somebody else
My brain keeps telling me I'm never gunna be
Anything but a tragedy
