

# Better Off

Ashlee Simpson

**G**

1. The sky is fallin', and it's

**C5**

Early in the mornin', but it's

**A5** **C5**

Okay somehow

**G**

I spilt my coffee, it went

**C5**

All over your clothes

**A5** **C5**

I gotta wear mine now

**A5**

**C5**

And I'm always, always, always late

**A5** **C5**

And my hair's a mess even when it's straight

**C5**

R: But so what?

**G**

I'm better off everyday

**A5**

When I'm standing in the pouring rain

I don't mind

**C5** **C5**

I think of you and everything's alright

**G**

I used to think i had it good

**A5**

But now I know that I'm misunderstood

**C5**

With you I'd say

**G** **C5**

I'm better off in everyway

2. My friends keep calling, they say

They say I'm stalling

They wanna meet you now

I tell them hell no, I say

We're trying to lay low

Don't wanna lose what I've found

Things are finally, finally lookin' up

Oh, my feet are on the ground even though i'm stuck

R: But so what?...

**G** **C5** **A5** **C5**

**A5**

**C5**

Things are finally, finally lookin' up

**A5** **C5**

Oh, my feet are on the ground even though i'm stuck

**A5** **C5**

Even though I'm stuck

**C5**

R: But so what?

**G**

I'm better off everyday

**A5**

When I'm standing in the pouring rain

I don't mind

**C5**

**C5**

I think of you and everything's alright

**G**

I used to think I had it good

**A5**

**C5**

But now I know that I'm misunderstood

Yeah, yeah

**G C5 A5 C5**

I'm better off in everyway

I'm better off today

**G**

The sky is fallin' and it's

**C5**

Early in the mornin'

**A5**

**C5**

But it's okay
