

# Endless Summer

Ashlee Simpson

We laughed, we cried  
And all the while we felt so alive  
It was you and me  
You grabbed my hand and you made me see  
What it could feel like  
And what it might be like  
You wrote my name in the sand  
In this endless summer  
We will be together  
And I dont want this feeling to ever end  
Looking back in november  
Feel the sun and remember  
That when our time has finally come to pass  
Some things last  
Some things always last  
Save goodbye  
Keep it frozen in december  
I need the high  
To get me through the ever after  
Cause now that it feels like  
Its far from what it was like  
When we wrote our names in the sand  
In this endless summer  
We will be together  
And I dont want this feeling to ever end  
Looking back in november  
Feel the sun and remember  
That when our time has finally come to pass  
Some things last  
Some things always last  
It's not what it feels like  
Its far from what it was like  
When I wrote your name in the sand  
In this endless summer  
We will be together  
And I dont want this feeling to ever end  
Looking back in november  
Feel the sun and remember  
That when our time has finally come to pass  
Some things last  
Some things always last  
Some things last  
Some things always last  
We laughed, we cried  
And all the while we felt so alive  
It was you and me
