

Ragdoll

Ashlee Simpson

I've been thrown
'Round once or twice
Beneath it all
Was born to fight
I hear your voice in my head
And its killing me
I've never been a fan of happy endings

Your love must be tainted
If its how you paint it
You don't know what you're in for
You're so rotten to the core

Why you gotta throw me around like a rag doll?
You can toss me up, You can toss me up
I've be sitting back keeping quiet for too long
You can touch me now, You can touch me now
Why you gotta throw me around like a rag doll?
You can toss me up, You can toss me up
You just wanna use me up til' I'm all gone
That's not me at all, Thats not me at all, Hey

Won't try so hard
You can't admit
Open my heart
You never come in
Cant find my way
Through your maze
And in my mouth you put the very bad taste

Your love must be tainted
If its how you paint it
You don't know what you're in for
You're so rotten to the core

Why you gotta throw me around like a rag doll?
You can toss me up, You can toss me up
I've be sitting back keeping quiet for too long
You can touch me now, You can touch me now
Why you gotta throw me around like a rag doll?
You can toss me up, You can toss me up
You just wanna use me up til' I'm all gone
That's not me at all, Thats not me at all, Hey

You're my rag doll, You're my rag doll
You're my rag doll, You're, Hey

Don't you see my black tears
Please don't me stay here
Don't you see my black tears
Please don't me stay here, Whoa

Why you gotta throw me around like a rag doll?
You can toss me up, You can toss me up
I've be sitting back keeping quiet for too long
You can touch me now, You can touch me now
Why you gotta throw me around like a rag doll?

You can toss me up, You can toss me up
You just wanna use me up til' I'm all gone
That's not me at all, That's not me at all, Hey

You're my rag doll, You're my rag doll
You're my rag doll, You're
Hey Hey, You're, Hey Hey
You're my rag doll, You're my rag doll, Hey
