

Function

Ashley All Day

Pull up to the party, it's a function
Tryna act up, no discussion
Jumpin', got a white bitch snortin' somethin'
Been with the shits, can't tell me nothin'
Top notch shit, can't fuck with a clown
Never comin' down, roll straight out the pounds
Party don't start 'til I come around
Gig so hard, made my pants fall down

Got the work in the whip goin' state to state
I gotta couple dropoffs that I'm late to make
I gotta lot of big bags, finna break the bank
Cause my blue face benjis stacked face to face, ay
Bad lil' bop on a thizzle
Errywhere I go she tryna follow
All about a bag, picture perfect
Nigga bow down, make him worship
I'ma hit the bernie in my dirty black timbs
Never takin' L's yeah I'm always finna win
I'ma run it up, all I know is get it in
Two F&Ns, that's my twinny twin twins (bitch!)

Pull up to the party, it's a function
Tryna act up, no discussion
Jumpin', got a white bitch snortin' somethin'
Been with the shits, can't tell me nothin'
Top notch shit, can't fuck with a clown
Never comin' down, roll straight out the pounds
Party don't start 'til I come around
Gig so hard, made my pants fall down

Function, them boys up to somethin'
Please don't call me baby unless I'm carvin' in your pumpkin
Pull up in the latest, you look average when you stuntin'
I'm built for it, homie keep the 9 like he Jordan in his Kilroys
Top down, titties out, ass fat
On a few acres, bust it for the Cash App
In the function off the percocets, I'm breakin' all back
In the function it ain't worth it my team, they long strapped
Blue face hunnids I'ma spread 'em like a peacock
Hustlin' all day, keep on rockin' till the beat stop
Hustlin' all day, that's just how a nigga move
And shorty understand I ain't like your last dude

Pull up to the party, it's a function
Tryna act up, no discussion
Jumpin', got a white bitch snortin' somethin'
Been with the shits, can't tell me nothin'
Top notch shit, can't fuck with a clown
Never comin' down, roll straight out the pounds
Party don't start 'til I come around
