Lil' face tatt got you feeling types of crazy
Shawty fuck with me she on a new level of wavy
Feeling myself, that's everyday
And I upgrade niggas just like Beyoncé
And I been said Newport Shawty don't play
And your bitch hella ugly get the fuck out my fade
Lil' face tatt got you feeling types of crazy
Shawty fuck with me she on a new level of wavy
Feeling myself, that's everyday
And I upgrade niggas just like Beyoncé
And I been said Newport Shawty don't play
And your bitch hella ugly get the fuck out my fade

Work the middle, work the middle
Bitch lick it off
Lil' mama got the sauce, all this lean I never cough
Got these rider bitches with me and they really down to mob
You ain't fucking with my squad, fuck around you might get... (yeah, yeah)
Finessing, hella lit, I'm to slumped
And after, curl your hair, nigga please don't touch
Tell me why this bitch said he doing to much
Sit your ass up, now she rolling up another Dutch
But I got some moves to bust, what the fuck you thought?
And when I sipping from the pint, best believe it's straight drop

Lil' face tatt got you feeling types of crazy
Shawty fuck with me she on a new level of wavy
Feeling myself, that's everyday
And I upgrade niggas just like Beyoncé
And I been said Newport Shawty don't play
And your bitch hella ugly get the fuck out my fade
Lil' face tatt got you feeling types of crazy
Shawty fuck with me she on a new level of wavy
Feeling myself, that's everyday
And I upgrade niggas just like Beyoncé
