

# gettin' old

Ashley Cooke

A few months back  
I was holdin' my momma's hand  
While she was watchin' her momma pass  
Sayin', "No, not again."  
When dad's test came back  
I was fallin' for a real good man  
'Til it started fallin' flat  
They say growin' up's fun  
Where's the fun in that?

Growin' up is gettin' old  
It's weighin' down on my shoulders  
Growin' up. It takes a toll  
Tell me when the hard part's over  
One minute you're a kid  
Just wishin' you could fly right down life's road  
But the years roll, before you know  
Growin' up's just gettin' old

All the hard work leads to a burnout  
Hit the peak and I don't know where to turn now  
Had the spotlight shinin' on me, but it's on her now  
Gonna pray one day it'll work out

But

Growin' up is gettin' old  
It's weighin' down on my shoulders  
Growin' up. It takes a toll  
Tell me when the hard part's over  
One minute you're a kid  
Just wishin' you could fly right down life's road  
But the years roll, before you know  
Growin' up's just gettin' old

Tell me when the hard part's over  
Tell me when the sunshine and roses show up  
Nothin' comes easy, I know, but  
You know what, you know what

Growin' up is gettin' old  
It's weighin' down on my shoulders  
Growin' up, it takes a toll  
Tell me when the hard part's over  
One minute you're a kid  
Just wishin' you could fly right down life's road  
But the years roll, before you know  
Growin' up's just gettin' old

Mm, growin' up's just gettin' old  
Yeah, growin' up is gettin' old
