

Rush

Ashley Gearing

Some people get there kicks from high stakes gambling
They love to roll the dice.

A night in Paris in 1st class traveling,
Just gettin' on for the ride.
But I don't need the life in the fast lane,
Like a shot of you in my face

I get a rush from you,
I know you feel it too
I get a rush from you

Yea I get a rush from you

I don't know how to talk about it
Words get in the way
All I know is when I see you,
I'm swept away

I get a rush from you

I get a rush from you
I know you feel it too
I get a rush from you

I get a rush from you
Rush from you Baby
I know you feel it too

I get a rush from you
