

## Andy (I Can't Live Without You)

Ashley McBryde

You drink my whiskey without asking  
You put your boots up on my couch  
Drives me crazy to remind you  
More than once to take the garbage out

You use my good towels on the dog  
And that's the only thing I've asked you not to do  
Most days I'd love to lock you out  
I can't live without you

The kitchen table ain't for business  
Wish you'd put the bills where they go  
I guess you need an invitation  
To the backyard to see that it needs mowed

You leave your whiskers in the sink  
And I've told you till I'm black and blue  
You never worry what our neighbors think  
I can't live without you

'Cause you've got my back  
Even when I'm wrong  
You're the only one who knows  
Me and my heart can't get along  
I got some reasons to cry  
I can't tell you which one  
But you don't ask no questions  
You just hold me till I'm done  
And when I'm looking to fight you flat refuse  
I can't live without you

You're always voicing your opinion  
You play your guitar way too loud  
God I reckon it would kill you  
Lift a finger, help me clean this house  
You know your jokes ain't all that funny  
But I'll keep on laughing if you want me to  
Nobody understands why I love you  
I can't live without you

You've got my back  
Even when I'm wrong  
You're the only one who knows  
Me and my heart can't get along  
Well I got some reasons to cry  
I can't tell you which one  
But you don't ask no questions  
You just hold me till I'm done  
And when I'm looking to fight you flat refuse  
I can't live without you  
I can't live without you
