

# Amen Love

Ashley Monroe

Baby, I've been looking for a touch so heavenly  
A fire that goes on into infinity  
A love that brings me to my knees  
Lately, I've been looking in the night for a miracle  
Searching for a sin that's original  
Make a believer out of me

Put your light all over my darkness  
Break these chains, unlock my fortress  
I wanna feel high

I've been waiting, praying  
Aching for that amen love  
Wanna be taken, making  
Saved in your amen love  
Amen love

Speak to my soul  
Baptize me in Yves Saint Laurent  
Hold me steady, don't let me go  
Looking in your eyes, it's spiritual

Treat my body like your cathedral  
Born again, wrapped in these sheets, oh I  
I wanna feel high

I've been waiting, praying  
Aching for that amen love  
Wanna be taken, making  
Saved in your amen love  
Amen love

Aching for that amen love  
Taken, making  
I've been waiting, praying  
Aching for that amen love  
Wanna be taken, making  
Saved in your amen love  
I wanna be saved in it  
Amen love  
I wanna be saved in it
