

# I'm Gonna Run

Ashley Monroe

I'm gonna run  
I'm gonna run  
When I see you come  
Straight into your arms  
I'm gonna run

And when the dawn  
When the dawn  
Brings my sweet baby home  
Straight into your arms  
I'm gonna run

And I won't have to remember  
What it's like to touch your face  
Your lips sweet as honey  
Once it brings back the taste

Over the moon  
Over the moon  
Please get here soon  
Won't you fly over the moon
