

All In A Day

Ashley Roberts

What a difference... a day may may may...
All in a day

Hard to leave you, hard to stay
Such is life (such is life)
I want to love you (I want to love you), want to hate you (want to hate you)
I can't decide (I can't decide)
Baby you've been smoking in the mirror, way too damn old
And I'm so sick and tired of singing the same song

I still want you when I don't need you
So what do I say aye?
(I'm sick and tired of it)

What a difference... a day may may may...
Yea, I'm done

One day I love you, the same day I hate you
On one day I gave my heart and you just crushed me with your love
On one day you changed me, in the same day you break me
On one day these will transpire and we're here saying goodbye
Say goodbye

I can't stand you, I can't be without you
Who am I? (Who am I?)
Insecure, you take em all, yet still I try

Baby I just wanna get up off this rollercoaster
I just wanna take back all the things I told ya

I still want you when I don't need you
So what do I say aye?

(What a difference)
What a difference... a day may may may... (a day makes)
What a a a...

One day I love you, the same day I hate you
On one day I gave my heart and you just crushed me with your love
On one day you changed me, in the same day you break me
On one day these will transpire and we're here saying goodbye

What a difference a day makes
But now that I see the change
No, it's not the same, not the same
I can't find my way, it happened all in a day

What a difference... a day may may may...
What a difference...

One day I love you, the same day I hate you
On one day I gave my heart and you just crushed me with your love
On one day you changed me, in the same day you break me
On one day these will transpire and we're here saying goodbye.
