

# Played

Ashley Roberts

Why you talkin' all that talk  
Who you tryin to impress  
Think you better check your style  
That might've worked before  
But I ain't havin it

Show me that you got the touch  
Hear the words that I don't say  
Gotta read between the lines  
You gotta learn the song cause

I wanna be played  
Like a sweet guitar  
Played like a slow jam in the dark  
Gotta find the groove  
You know what to do  
To get to me  
I wanna be played  
Like a violin  
Make the strings talk with your fingertips  
Never go to fast  
Gotta understand  
The way I need to be played

It's not about the way you roll  
You're making it to obvious  
Try to be original  
You gotta learn me  
Don't be in such a rush

I can be your symphony  
Listen to me all night long  
If you give me what I need  
I could be your favourite song

I wanna be played  
Like a sweet guitar  
Played like a slow jam in the dark  
Gotta find the groove  
You know what to do  
To get to me

I wanna be played  
Like a violin  
Make the strings talk with your fingertips  
Never go to fast  
Gotta understand  
The way I need to be played

Baby just like that (like that)  
C'mon and do it again (played)  
We're gonna get this right  
Even if it takes all night

Ohh  
Oh (oh)  
Yeah

Do you feel me?  
That's right  
Take it nice and slow

I wanna be played  
Like a sweet guitar  
Played like a slow jam in the dark  
Gotta find the groove  
You know what to do  
To get to me  
I wanna be played  
Like a violin  
Make the strings talk with your fingertips  
Never go to fast  
Gotta understand  
The way I need to be played
