

Adeline

Ashley Ryan

Adeline, Adeline
Pay no attention to this man of mine
If you do you're gonna pay the price
Adeline, oh Adeline

Fire red hair, dark green eyes
Turning heads when you walk by
There's no escaping your small town reputation
But God be with you if you ever cross that line

Adeline, Adeline
Pay no attention to this man of mine
Adeline, Adeline
Don't go catchin' his wanderin' eye
If you do you're gonna pay the price
Adeline, oh Adeline

I've met girls like you before
That's why they ain't round here no more
Keep your hands out my cookie jar
Don't make me show you where the bodies are

Adeline, Adeline
Pay no attention to this man of mine
Adeline, Adeline
Don't go catchin' his wanderin' eye
If you do you're gonna pay the price
Adeline, oh Adeline

I'm only smiling cause I'm being honest
This ain't a threat, girl, naw it's a promise

Adeline, Adeline
Pay no attention to this man of mine
Adeline, Adeline
Don't go catching his wandering eyes
If you cross his heart you better hope to die
Kiss your meemaw and your pawpaw
And your mamma and your daddy
And your brother and your sister
And your auntie and your uncle, goodbye
Adeline, Adeline
Adeline, oh Adeline
