

# Better Than Leavin'

Ashley Ryan

I ain't all fixed up  
Hair n' makeup  
Just to watch you watchin' the game  
These cowgirl boots  
Could use a two step or two  
But I see the look on your face

Well, I ain't pity party crashing  
I'm just askin'  
Cause what's a been rackin' my brain is

Where did the fun we had go  
How did the flame get this low  
What happened to the Friday night hold me tight  
Dance me real nice and slow, guy, I used to know  
Quit draggin' your boots and find me a reason  
Stayin' with you is better than leavin'

Don't wanna stay in  
With you and your friends  
Slingin' tall boys and pizza bites  
I need some TLC  
You and me  
A little wine n' dine  
And candlelight

Your sugar free lovin'  
Is pushing all my buttons  
Baby I ain't bluffin' this time

Where did the fun we had go  
How did the flame get this low  
What happened to the Friday night hold me tight  
Dance me real nice and slow, guy, I used to know  
Quit draggin' your boots and find me a reason  
Stayin' with you is better than leavin'

Don't over complicate it  
Get my heart a racin'  
Baby I'm cravin' you

Where did the fun we had go  
How did the flame get this low  
What happened to the Friday night hold me tight  
Dance me real nice and slow, guy, I used to know  
Quit draggin' your boots and find me a reason  
Stayin' with you is better than leavin'
