

# Bless You Heart

Ashley Ryan

Dear heart in my chest  
We need to talk  
That boy you been wantin'  
Is oh so wrong  
For you  
Did ya see his neck tattoo?

Head on my shoulders  
You make good sense  
I should be runnin'  
'Steady wastin'  
My time  
Our heart's out of her mind

Just cause he says that he loves us  
Don't make it true  
He also loves whiskey  
And cigarettes too  
He's got loving and leavin' down to an art  
You don't see that he'll break you apart  
Oh Bless you heart

Does he have you fooled  
With those dangerous eyes  
The smoke in his voice  
Got you hypnotized  
To see  
Only what you wanna see

Just cause he says that he loves us  
Don't make it true  
He also loves whiskey  
And cigarettes too  
He's got loving and leavin' down to an art  
You don't see that he'll break you apart  
Oh Bless you heart

Oh heart listen to us  
Stop n think before you jump

Just cause he says that he loves us  
Don't make it true  
He also loves whiskey  
And cigarettes too  
He's got loving and leavin' down to an art  
You don't see that he'll break you apart  
Oh Bless you heart  
Bless you heart
