

My Crazy

Ashley Ryan

Never have I ever floated like a feather into someone else's arms
Did not see it comin' a cowboy came runnin' and roped in my untamed heart

Bringin' out the wild in me
Winds of love come set me free

I've never felt like this before
Out of my mind and wantin' more
Goin' crazy over you
Like my crazy's got some makin' up to do

I'd been a drifter no need for a mister my dreams painted me somewhere else
Adventure awaited and domestication was collecting dust on the shelf

Now you're all I think about
Ain't no use in runnin' now

I've never felt like this before
Out of my mind and wantin' more
Goin' crazy over you
Like my crazy's got some makin' up to do

Never danced under the moon
Had a hand to hold onto
Never thought I'd be somebody's baby
Makin' midnight rendezvous
Sayin' things like I love you
I've been actin' different lately
Call me crazy

Cause I've never felt like this before
Out of my mind and wantin' more
Goin' crazy over you
Like my crazy's got some...
I've never felt like this before
Out of my mind and wantin' more
Goin' crazy over you
Like my crazy's got some makin' up to do
I got some makin' up to do...
