

Reno

Ashley Ryan

His [?] devil's grin
The reasons that I got reeled in
And said "I do" two months in
At a roadside rhinestone chapel
His late night fights, his morning drunk
His wandering eyes, his cheatin' lust
The reason why this pawn shop ring
Has turned into a shackle

Yeah he's the reason for Reno
Toss that wedding band in the desert sand
But I ain't leaving here broken
Partying in the sunset
'Cause I know where to fall
Makin' him wish he never let me go

I sold that diamond on my hand
Cashed it in and bet on black
Now I'm sipping Blue Hawaiians
On someone else's turf
The way I wear this mini-skirt
The reason that it's gonna hurt
For him to see me take my
First last name back

Yeah he's the reason for Reno
Toss that wedding band in the desert sand
But I ain't leaving here broken
Partying in the sunset
'Cause I know where to fall
Makin' him wish he never let me go
He's the reason for Reno, yeah

Well I signed the papers yesterday
And I took back my heart
He shoulda known before he played
Who's holding all the cards

He's the reason for Reno
Toss that wedding band in the desert sand
But I ain't leaving here broken
Partying in the sunset
'Cause I know where to fall
Makin' him wish he never let me go
I'm gonna make him wish he never let me go
He's the reason for Reno (mhm)
