

# Vibrations

Ashley Tisdale

Don't go looking for trouble these days  
I've grown up in a different place  
Used to hang at the clubs and go wild  
Now a glass of rosé it's my style

Goin' out ain't necessary  
I would rather stay at home  
I'm very comfortable just you and me

We, we can catch a vibe  
Hangin' on the couch on a Friday night  
Yeah we, we can take a break  
Warmin' up some Thai in the microwave  
Let's crack open a bottle of wine  
Get drunk alone, just you and I  
Yeah we, we can get high on the good vibrations

We're just vibin'  
We're just vibin'  
We're just vibin'  
Vibrations  
We're just vibin'  
(Vibrations)

Call me late, you can say what you want  
But I got other ways to have fun  
Still look lost in my music, real high  
Still love dancing beneath the night sky

Goin' out ain't necessary  
I would rather stay at home  
I'm very comfortable just you and me

We, we can catch a vibe  
Hangin' on the couch on a Friday night  
Yeah we, we can take a break  
Warmin' up some Thai in the microwave  
Let's crack open a bottle of wine  
Get drunk alone, just you and I  
Yeah we, we can get high on the good vibrations

We're just vibin'  
We're just vibin'  
We're, we're just vibin'  
Vibrations  
We're just vibin'  
(Vibrations)

We're just vibin'  
We're just vibin'  
We're, we're just vibin'  
Vibrations  
We're just vibin'  
(Vibrations)
