Take it and off show 'em how much you want it  
Take it and off show 'em how much you want it

I can make you all remember me  
Speedwalk burning rubber on my enemies  
I misstep, yeah, we never see  
A knife in my back but you'll never be the death of me  
Little baby-me tryna play with my dollies  
Rip all their heads off, tell 'em "I'm sorry"  
I'm a Tesla, fuck a new Ferrari  
I'm the best of, ride off on a Harley

This is my debut  
A place I always knew  
I'll fix a bitch like glue  
You cut me down I grew

I'ma blow up on 'em  
Blow up on 'em  
Blow a kiss to your girl  
I'ma blow up on 'em  
Blow up on 'em  
Blow up on 'em  
Blow a kiss to your girl  
I'ma blow up on 'em  
Blow up on 'em  
Blow up on 'em  
Put my name on the world  
I'ma blow up on 'em

Some say tiptoe  
Some say drop  
Some say cutthroat  
Some say stop

I just wanna push you to the edge now  
Maybe we can love until we're dead now  
Maybe I'm a threat, maybe off with my head  
Catch you in my web you can pick a blue or red  
Glossy, glossy, who's gonna stop me  
There's something to be said for a bitch who can top me  
There's something in her head, honey munching the poppy  
S on my chest but my baby call me "bossy"

This is my debut  
A place I always knew  
I'll fix a bitch like glue  
You cut me down I grew

I'ma blow up on 'em  
Blow up on 'em  
Blow a kiss to your girl  
I'ma blow up on 'em  
Blow up on 'em  
Blow up on 'em  
Blow a kiss to your girl  
I'ma blow up on 'em

Blow up on 'em  
Blow up on 'em  
Put my name on the world  
I'ma blow up on 'em

Some say tiptoe  
Some say drop  
Some say cutthroat  
Some say stop

Fake it to the top 'cause they smell the fear  
I'ma shine like a gem in the chandelier  
I'ma blow like a fuse so they know I'm here  
I'ma shine like a gem in the chandelier  
Fake it to the top 'cause they smell the fear  
I'ma shine like a gem in the chandelier  
I'ma blow like a fuse so they know I'm here  
I'ma shine like a gem in the chandelier

I'ma blow up on 'em  
Blow up on 'em  
Blow a kiss to your girl  
I'ma blow up on 'em  
Blow up on 'em  
Blow up on 'em  
Blow a kiss to your girl  
I'ma blow up on 'em  
Blow up on 'em  
Blow up on 'em  
Put my name on the world  
I'ma blow up on 'em
