

Bubblegum

Ashnikko

Your teeth underneath my tongue
I can get you off, don't forget my fun
Bubblegum, got your brain fizzin' like cola
Candyland's a trap, stick around and I'll show ya (Show ya)
Don't wanna get to know ya
Dead in your car they found out when they told ya (Ha ha)
Laugh it off as a joke
Cause baby girl's sweet and she won't slit your throat, right (Right)
I slipped the coke in your coat and told them to check your pockets in the a
lley where you smoked
Sorry, did I mention that I'm vengeful
You want to snuggle but I'm more experimental

Sold my panties in Japan
I want to stick it to the man
Bubblegum on you tongue
Pancakes stacking maple syrup on your hands
Pancakes stacking maple syrup on your
Pancakes stacking maple syrup on your
Pancakes stacking
Pancakes stacking (Hahahaha, UH!)

You'll find me on a sunset cloud
Near the sweet peach sun, no boys allowed
Girl scouts honor, I've solemnly vowed
When it's hot tip me over and pour me out
Gossip, gossip, I think I've lost it
Gossip, gossip, I think I've lost it
Gossip, gossip, I think I've lost it
Left my mind on Venus and I think she tossed it
Bubblegum color like pink areolas
The knife's wet, the man loves to control us
Sass Pancakes, yeah she flips 'em
Drizzle some maple syrup, lick it quick son

Sold my panties in Japan
I want to stick it to the man
Bubblegum on you tongue
Pancakes stacking maple syrup on your hands

Pancakes stacking maple syrup on your hands
Pancakes stacking
Pancakes stacking
Pancakes stacking maple syrup on your hands

Maple syrup in my hands

Such a handful, you can't fit it in you hands

First come first served, I was there first
Middle finger fuck you till you're screaming swear words
Fuck what you heard till your ear hurts
You're a blessin' and a curse, I guess I'm blessin' dere first
Get the fuck on your knees, girl

Pancakes stackin', stack in my cake pan and
Looking left and right on that pussy I ain't banging
