Ashnikko

I don't wanna use my brain, lobotomy, it feels so good
Sit on the DJ's face, I feel the beat through my puss'
I think I'm liking where this is going (Uh-uh)
Don't change the song 'cause the feeling is growing (Growing, growing
, growing, growing)
Uh, what were we talking about?

Botox in my frontal
Botox in my frontal lobe
Lip flip on my-
Botox in my frontal lobe
Botox in my frontal (Uh)
Botox in my frontal lobe
Stick it into my neuro'
Tune into my episode

Un, deux, trois, quatre, cinq
I need to be perceived
Fucking look at me, look at me, you fuck
Smooth my brain out, finally wrinkle free
It's a slip and slide up there, smooth as a chicken breast

I don't wanna use my brain, lobotomy, it feels so good
Sit on the DJ's face, I feel the beat through my puss'
Uh, what were we talking about?

Botox in my frontal
Botox in my frontal lobe
Lip flip on my-
Botox in my frontal lobe
Botox in my frontal (Botox on my frontal, uh)
Botox in my frontal lobe (Botox on my frontal lobe)
Stick it into my neuro'
Tune into my episode
