

Invitation

Ashnikko

Fuck you mean you need it?

He says he needs it or he'll die
Touching on my inner thigh
Dirty seedy kinda guy
His castration would be nice
And I'm just cruising on my bike
Summertime, my T-shirt tight
He say I'm the type he like
Like I'm a biscuit he could bite

I can't even wear my skin
Without them asking where I've been
Without them asking for a spin

I could be lickin' on a lolly
Dolled up like a dolly
Short skirt lil hottie
Don't you comment on my body
Put a jiggle in my titties
I can giggle like I'm silly
Call me prudish call me bitchy
Knock you out with all that's in me

I can't even wear my skin
Without them asking where I've been
Without them asking for a spin

Diamonds on me just like ice they change the seasons
I think you gotta do way more if you wanna please me
Diamonds look like water on my girl it look like Fiji
Diamonds freeze me, no for real, diamonds 3D
