

## It Girl

Ashnikko

You could buy a whole world with a face like that  
I cried lookin' in my mom's makeup bag  
I'm hollowed out, I look good, treat me like termite wood  
Mother, daughter, daisy chain  
I was born to fan the flame  
Why can't you treat me like my brothers?

Cotton candy in water  
Gone before you can grab it  
I've always got problems with my father

I wanna kill the it girl in me  
I wanna strangle her with a saddlebag, Dior 2003  
I lean down, kiss her nose, there's no room for us both  
One of us has got to go

Eldest daughter, open water  
My legs look like baby seals  
And I am not a vessel for men to love themselves anymore  
She made me go tank girl on my face  
I go world war on my waist  
I go blacksmith on my cage  
I go naysay on my neck

Cotton candy in water  
Gone before you can grab it  
I've always got problems with my father

I wanna kill the it girl in me  
I wanna strangle her with a saddlebag, Dior 2003  
I lean down, kiss her nose, there's no room for us both  
One of us has got to go  
I wanna kill the it girl in me  
Hold her silk pillowcase over her face in her sleep  
I watch the light leave her eyes, deep in my smile lines  
Now I'm finally, finally mine

I've gotta kill her before she kills me  
Everything I eat tastes like glass  
Like death riding My Little Pony with a facelift  
She's coming for me, I know it  
I have to kill her

All the pretty girls die at twenty-seven  
Die at twenty-seven, a smooth-faced legend  
Isn't that heaven?  
All the pretty girls die at twenty-seven  
Die at twenty-seven, die at twenty-seven  
Isn't that heaven?
