

Liquid

Ashnikko

I wanna wear your skin (Does that scare you, like?)
I need to be closer than this (Come on, take it there)
I wanna melt you down and take a swim (I'm real hot too)
I need you cellularly, let our molecules mix

Okay, let me give it to you (Oh, oh)
Okay, anything for you (Oh)
Can you take it there?

My body's liquid, I'm way more wicked than you thought
So sick and twisted, so hedonistic, oh my god
I'm replicating, fuck me roughly, and then treat me soft
Oh, I need you chemically, tell me what you'll do to me (Oh, oh)

Flick, an actress, action scene
Hands in his pockets and I'm grabbin' on his keys, uh
Cutesie, a two, enemy
Put it in me, work for it, elbow grease
Flip it over backwards, plaît vous s'il
Bullet in my bag, and I'm armed to the teeth
Call my (My-my) PCP
Cover your eyes for the X-rated scenes
I'm gagging for it

Okay, let me give it to you (Oh, oh)
Okay, lemme think for you (Oh)
Can you take it there? (Oh)

My body's liquid, I'm way more wicked than you thought
So sick and twisted, so hedonistic, oh my god
I'm replicating, fuck me roughly, and then treat me soft
Oh, I need you chemically, tell me what you'll do to me (Oh, oh)
My body's liquid, I'm way more wicked than you thought
So sick and twisted, so hedonistic, oh my god
I'm replicating, fuck me roughly, and then treat me soft
Oh, I need you chemically, tell me what you'll do to me
(Do to me, do to me do to me, do to me)

I've been meaning to ask you something
It's really been on my mind lately
Can we play mermaids?
Like, naked mermaids?
You know, mermaids with hole

My body's liquid, I'm way more wicked than you thought
So sick and twisted, so hedonistic, oh my god
I'm replicating, fuck me roughly, and then treat me soft
Oh, I need you chemically, tell me what you'll do to me (Do to me, do to me,
do to me)
My body's liquid, I'm way more wicked than you thought
So sick and twisted, so hedonistic, oh my god
I'm replicating, fuck me roughly, and then treat me soft
Oh, I need you chemically, tell me what you'll do to me (Oh, oh)
