

Manners

Ashnikko

Holier than the ozone layer
Eyes bigger than the headlights, dear
How the fucking hell did I get here?
Brown liquor made the memory clear
I'm a weird bitch, suck my toes
Got me dripping like a runny nose
I want all of that and one of those
Titties out, little tummy showin'

Fat pussy like Santa, hands up
Fuck shit up, flip a table, go bananas
In the moonlight, dancin', no pajamas
That dick tastes like Yankee Candle

I don't mind my manners
Mind my mind, mind my my manners
Mind my mind, mind my my manners
Mind my mind, mind my my manners
I don't mind my manners
Mind my mind, mind my my manners
Mind my mind, mind my my manners
Mind my mind, mind my my, ah fuck that

Fight or flight, fighting for my life
Fuck it up, I'm fucking with his psyche
I'm a teddy bear with lots of spikes
So you know I'm the shit like you didn't wipe
And I never let a deadbeat bounce on my buttcheeks
Buckteeth, make these bitches have a tough week
Tongue deep-diving make 'em think I'm gonna suck feet
I'm a UV ray, bitch better wear sunscreen

Fat pussy like Santa, hands up
Fuck shit up, flip a table, go bananas
In the moonlight, dancin', no pajamas
That dick tastes like Yankee Candle

I don't mind my manners
Mind my mind, mind my my manners
Mind my mind, mind my my manners
Mind my mind, mind my my manners
I don't mind my manners
Mind my mind, mind my my manners
Mind my mind, mind my my manners
Mind my mind, mind my my, ah fuck that

Fuck the limelight I want the slimelight
It's high time to collect like a prize fight
Sleep with a nightlight, creep in the night time
MySpace cutie, you can bite me twilight
Fuck the timeline I'm in the future
I love music too much to fuck the producer
I love music, you bitches use and abuse her
I listen to my own music in the Uber

Master the arcs, I'm as slick as a fox
The slicker the quick wit, the slicker the cock, not

I'm the best thing, you never forgot
I'm drunk in the corner screaming out "Ah, that's hot"
Might fuck around, vomit on the stage
Keep my sugar babies' bills all paid
Get my buns out in southern Spain
And keep goddamn maiden name, hey

I don't mind my manners
Mind my mind, mind my my manners
Mind my mind, mind my my manners
Mind my mind, mind my my manners
I don't mind my manners
Mind my mind, mind my my manners
Mind my mind, mind my my manners
Ah fuck that
I don't mind my manners
Mind my mind, mind my my manners
Mind my mind, mind my my manners
Mind my mind, mind my my manners
I don't mind my manners
Mind my mind, mind my my manners
Mind my mind, mind my my manners
Mind my mind, mind my my, ah fuck that

I'm so shy, hahahaha
