

No Brainer

Ashnikko

Ugh, yeah
Ugh, yeah

This is it, this is all you ever wanted
This is all because you want to say you done it
Now you mixing with the greatest, laughing ha-ha-ha-ha-ha
Now you're laced with all the ladies now it's na-ah-ah-ah-not
He's a ride or die, I'll ride his face forever
Flip me over I like all types of pressure
Tippy top, tip me over now it's oh my, oh my god
Future brighter like it's solar now it's always summertime

Tell me what you need
Tell it to my manager, he'll tell you pay a fee
Ooh, I fuck it up, I can't wait for you to see
You said your girlfriend wanna marry you
But now she's here with me

I say it's a no brainer now
Now I'm in this bitch, vibrator now
Now I'm making waves and craters now
Tell me, tell me who's gonna restrain me now?
I say it's a no brainer now
Now I'm in this bitch vibrator now
Now I'm making waves and craters now
Tell me, tell me who's gonna restrain me now?

Who's who, who's made it, who's nameless
You're still taught the same shit, talking out your anus
You big head you're brainless
You skidmarks, I'm stainless
I'm fresh out of patience, I'm sick of all the sameness
I'm not in your circle, baby
I'm hot like a thermal baby
And I'm a controversial lady
I'm popping like a kernel lately

Tell me what you need
Tell it to my manager, he'll tell you pay a fee
Ooh, I fuck it up, I can't wait for you to see
You said your girlfriend wanna marry you
But now she's here with me

I say it's a no brainer now
Now I'm in this bitch, vibrator now
Now I'm making waves and craters now
Tell me, tell me who's gonna restrain me now?
I say it's a no brainer now
Now I'm in this bitch vibrator now
Now I'm making waves and craters now
Tell me, tell me who's gonna restrain me now?

Ugh, yeah
Ugh, yeah
