

Skin Cleared

Ashnikko

Do-do
Do-do-do-do
Do-do
Ooh

Ooh, I act up tonight
Wet and wild, your place or mine?
Happier, sexier, healthier without you
Ooh, I act up tonight
See my titties through my top too tight
Happier, healthier, sexier, sexier (Sexier, sexier)

My skin cleared when we broke up
What does that mean?
Now I'm back seat of the taxi
Making someone's son take a pic of my thong out my black jeans
Now I grieve you, but I'm happy
I'm no longer paranoid
I don't even get the flu anymore
What does that mean?

I feel like Snow White
The birds say my name
The sun smiles down
It's showtime
My face plays on loop
Every time you kiss her lips

Ooh, I act up tonight
Wet and wild, your place or mine?
Happier, sexier, healthier without you
Ooh, I act up tonight
See my titties through my top too tight
Happier, healthier, sexier, sexier (Sexier, sexier)

My skin cleared when we broke up
What does that mean?
Now I'm back seat of the taxi
Making someone's son take a pic of my thong out my black jeans
Now I grieve you, but I'm happy
I'm no longer paranoid
I don't even get the flu anymore
What does that mean?

You must be so strong
From social climbing
Ego lying
You pretentious bitch
Just needed a muse
For your acting

Ooh, I act up tonight
Wet and wild, your place or mine?
Happier, sexier, healthier without you
Ooh, I act up tonight
See my titties through my top too tight
Happier, healthier, sexier, sexier (Sexier, sexier)

My skin cleared when we broke up
What does that mean?
Now I'm back seat of the taxi
Making someone's son take a pic of my thong out my black jeans
Now I grieve you, but I'm happy
I'm no longer paranoid
I don't even get the flu anymore
What does that mean?
