

Smoochie Girl

Ashnikko

Smoochies, go smoochie girl
Smoochies, go smoochie girl

Oh, I love it when it feel like this
Heart went up 7UP, soda pop fizz
Love letter with a lipstick print
Keep my wits by my bitch
Better than, it's a hit, like
Tip-toe, but woe, I slip
Cardiac arrest from a goodnight kiss
Heart punching through my tits
Get it, girl smooch, oh shit

Ooh, oh no, how scary
I haven't felt this exposed, uh
I'm barely out of the woods, yeah
From last time I was broken (Smoochie girl, uh)
Just a sliver cuts me open, go smoochie

Smoochies, go smoochie girl
Smoochies, go smoochie girl

Ooh, oh no, how scary
I haven't felt this exposed, uh
I'm barely out of the woods, yeah

But in the heat of the moment, I put my hand in fire
In the heat of the moment, I gave you ooh eyes

Liquor store ice cream, eat it out of my truck
I wanna say, "I love you," but the words get stuck
I love you, but I'm terrified to
And the heartbreak ooze from my hazmat suit
Suckin' on the Jolly Rancher, my tongue is blue
Kiss him 'cause I'm touch-starved, I self-soothe
Pretend I'm not a lover girl, I want you
For a little smooch, there's nothing I wouldn't do

Smoochies, go smoochie girl
Smoochies, go smoochie girl

Ooh, oh no, how scary
I haven't felt this exposed, uh
I'm barely out of the woods, yeah

But in the heat of the moment, I put my hand in fire
In the heat of the moment, I gave you ooh eyes

Is it too much keep a lock of your hair in a resin ring?
Is it too much? I wanna take out my IUD
Is it too much? I wanna read your favourite book
Just wanna see your childhood bedsheets and be friends with your mom

But in the heat of the moment, I put my hand in fire
In the heat of the moment, I gave you ooh eyes
