

# Special

Ashnikko

Yo  
What, what, what

You're not special, it's not cute  
Only one strike, then you get the boot  
There was potential in you  
You should get "Fuckboy" tattooed  
I don't give a fuck  
I have more fun on my ones  
Hit and run  
Eat my pussy like it's lunch

Tell me why I need you over the next  
The only thing you seem to give me is sex  
You look dumb now that I've come to my senses  
Your love is not impressive  
Tongue kissin' in my king size bed  
You can give me some goodbye head  
You look dumb now that I've come to my senses  
Your love is not impressive

You wish, you wish I missed you  
Back the fuck up, I dismiss you  
You better stock up on tissues  
Jacking off to all my pictures  
You wish, you wish I missed you  
Back the fuck up, I dismiss you  
You better stock up on tissues  
Jacking off to all my pictures

You're not special, it's not cute  
Only one strike, then you get the boot  
There was potential in you  
You should get "Fuckboy" tattooed  
I don't give a fuck  
I have more fun on my ones  
Hit and run  
Eat my pussy like it's lunch

You don't seem to see what a cliché you are  
Bad boy in your best friend's car  
Supernova wanna kill my star  
Teardrops on your Fender guitar  
Left your dumb ass on read  
I'm too healthy, wealthy, well fed  
I see better dick up ahead  
But I like how you look when you really beg

You wish, you wish I missed you  
Back the fuck up, I dismiss you  
You better stock up on tissues  
Jacking off to all my pictures  
You wish, you wish I missed you  
Back the fuck up, I dismiss you  
You better stock up on tissues  
Jacking off to all my pictures

You're not special, it's not cute  
Only one strike, then you get the boot  
There was potential in you  
You should get "Fuckboy" tattooed  
I don't give a fuck  
I have more fun on my ones

There was potential in you  
You should get "Fuckboy" tattooed  
I don't give a fuck  
I have more fun on my ones  
Hit and run  
Eat my pussy like it's lunch

Eat it up
