

World Eater

Ashnikko

World eater
Big guns, big money, big cleavers
World eater
It's a big machine, we feed her
Garden reaper
They kill for fun, for leisure
World eater
I'm sweet like anti-freezer

These machines will kiss my bullets
Hit the gas pedal, scrap metal, get to runnin'
Combat mode, you know the cyborg's comin'
These AI hate my flesh, I love it
We don't need post-metallic rebellion
I wear the king of the wasteland's crown
Take em' all down with me on my descent
Oh, sweet revenge

The wickedest survive
Call me car crusher, crushin' metal under my boots, woah
I'm a sharp shooter, you'll regret lettin' me loose, woah
The wickedest survive
The wickedest survive
The wickedest survive
The wickedest survive
